RE: Loan Contract Number: PCL26452

Dear Isaac Colgan;

Enclosed is the Drinking Water State Revolving Fund Pre Construction Loan Contract Number identified above for your signature. The Loan Contract details the terms and conditions that will govern the agreement between us, which includes the project's Scope of Work and an Attorney's Certification as formal attachments. Failure to return the contracts within 60 calendar days of the date of this letter may result in your loan offer being withdrawn.

You may sign electronically by following the instructions of the email. Note, if you're not the authorized signer do not forward, click on the delegated button in the email. Once signed the document will be sent back to DOH automatically. If you prefer, print and sign a hard copy, scan and return by email to dohcon.mgmt@doh.wa.gov or print and sign a hard copy, and return the originals to us for full execution.

Please note that the U.S. Environmental Protection Agency is the funding source for this program and the Catalog of Federal Domestic Assistance (CFDA) number is 66.468. Consequently, the loan funds are federal and subject to both state and federal requirements.

A non-refundable two-percent loan administration fee will be collected at contract execution, including any subsequent amendments where funds are added. The loan amount may be modified to include an amount sufficient to cover the two percent loan administration fee. In most cases, the fee will be collected in full at contract execution. Please review the terms and conditions of the Loan Contract and all attachments carefully for details.

A requirement of the DWSRF program is that you must maintain updated project records and yearly renewal of your registration in the System for Award Management at www.sam.gov.

Another requirement of the DWSRF program is that all entities are required to verify that the federal government has not suspended or debarred them from receiving federal funds. This includes, but is not limited to, project contractors, subcontractors, engineers, architects, consultants, and equipment vendors. The Exclusion Report can be accessed at www.sam.gov. Failure to provide this required certification may result in termination of your loan contract.

After the Loan Contracts have been signed by the Department or its designee, one fully executed original will be returned to you for your files. Instructions for drawing the loan funds will be returned to you with the executed Loan Contract, as well as the necessary forms. The Loan Contract specifies that draws may be made for costs that have been incurred within the contract period of performance, and which have supporting documentation such as receipts or bills.

We are looking forward to working with you over the course of this project. If you have any questions about this Loan Contract, please contact me.

Sincerely,

Dennis Hewitt
DOH Contract Manager

Acting under the authority of RCW 70.119A.170 and RCW 43.155.040, the Department has awarded the Contractor a Drinking Water State Revolving Fund loan for an approved project. The Contractor will be a sub-recipient of funds provided by the United States Environmental Protection Agency, CFDA Number 66.468, Title: Safe Drinking Water State Revolving Fund, award year of this contract.

3. PURPOSE

The Department and the Contractor have entered into this Contract to undertake a local project that furthers the goals and objectives of the Drinking Water State Revolving Fund Loan Program. The project will be undertaken by the Contractor and will include the activities described in the SCOPE OF WORK shown on the Declarations page. The project must be undertaken in accordance with the loan Program Special Terms and Conditions and all applicable federal, state and local laws and ordinances, including but not limited to those specifically enumerated in Attachment II: Federal and State Requirements, which by this reference are incorporated into this Contract as though set forth fully herein.

4. ORDER OF PRECEDENCE

In the event of an inconsistency in this Contract, the inconsistency shall be resolved by giving precedence in the following order:

- Applicable federal and State of Washington statutes and regulations.
- Special Terms and Conditions including attachments.
- General Contract Terms and Conditions.

The Department, using funds appropriated from the Drinking Water Assistance Account, shall loan the Contractor a sum not to exceed the amount shown as LOAN AMOUNT on the attached Declarations Page. This loan amount includes a loan fee, if applicable, which is shown on the Declarations Page as LOAN FEE.

6. LOAN FEE

If the loan fee applies, it will be assessed at loan execution, including loan funds added via amendment to this contract.

The amount of the loan fee (if applicable) represents one percent (1%) of the loan request and shall not be reduced, regardless of the actual final loan amount at project completion. If the loan fee applies and the total loan amount is increased by amendment, an additional loan fee equal to one percent (1%) of the additional loan amount will be assessed at amendment execution. The amount of any loan fee will be displayed on the Declarations Page as LOAN FEE.

7. TERM OF LOAN

Unless otherwise amended, the term of the loan shall not exceed the period shown on the Declarations Page as LOAN TERM.

Except as herein provided, under no circumstances shall the loan repayment period exceed 6 years from the contract execution year.

8. INTEREST RATE

The interest rate shall be the declared INTEREST RATE (declarations) per annum on the outstanding principal balance, based on a three hundred and sixty (360) day year composed of twelve (12) thirty (30) day months.

9. DISBURSEMENT OF LOAN PROCEEDS AND REQUIRED DOCUMENTATION

If funding or appropriation is not available at the time the Contractor submits a request for a loan disbursement, the issuance of a warrant will be delayed or suspended until such time funds become available. Subject to availability of funds, warrants shall be issued to the Contractor for payment of allowable expenses incurred by the Contractor while undertaking and administering approved project activities in accordance with the declared SCOPE OF WORK.

The loan funds will be disbursed to the Contractor as follows:

- 9.1. Ten percent (10%) of loan proceeds will be held until project completion. The total Drinking Water State Revolving Fund Loan shall not exceed one hundred percent (100%) of the actual eligible project costs.
- 9.2. When requesting reimbursement for costs incurred, the Contractor shall submit a signed and completed Invoice Voucher (Form A19), referencing the declared SCOPE OF WORK project activity performed, and any appropriate documentation such as bills, invoices, and receipts. The purchase of any land necessary and integral to the project must be included in the declared SCOPE OF WORK and be

documented with an appraisal or other market valuation and a valid purchase and sale agreement. The Invoice Voucher must be certified by an official of the Contractor with authority to bind the Contractor.

- 9.3. Each A19 Reimbursement Voucher must be accompanied by a Project Status Report, which describes, in narrative form, the progress made on the project since the last invoice was submitted, as well as a report of project status to date. The Department of Health (DOH) will not release payment for any reimbursement request received until the Project Status Report is received. After approving the Voucher and the Project Status Report, DOH shall promptly release funds to the Contractor.
- 9.4. Pre-construction expenses incurred after the date shown as EARLIEST DATE FOR CONSTRUCTION REIMBURSEMENT on the Declarations Page are eligible for reimbursement. Requests for reimbursements for costs related to construction activities will not be accepted until the Contractor has met the following conditions:
- Issued a Notice to Proceed which follows the formal award of a construction contract;
 - Completed the State Environmental Review Process;
 - Complied with all provisions of Section 106 of the National Historic Preservation Act of 1966;
 - Complied with Section 20: Prevailing Wage;
 - Obtained approval from the Department of Health of the project report and related documents for all applicable activities described in the declared SCOPE OF WORK; and
 - Complied with any other loan conditions required by Department of Health.

An electronic copy (emailed PDF or a FAX) of a signed A19 Reimbursement Voucher and other required documentation is the preferred method for requesting reimbursement. Submit the electronic requests to your DOH Loan Officer or fax to 360-236-2252. This electronic submittal may be 25 pages or less. If you choose to send your vouchers and backup documentation electronically, please DO NOT mail in the original. You will receive email notification from your DOH Loan Officer that the electronic request has been received.

DOH will pay the Contractor upon acceptance of the work performed and receipt of properly completed invoices. Invoices may be submitted to DOH not more often than monthly.

Payment shall be considered timely if made by DOH within thirty (30) calendar days after receipt of properly completed invoices. Payment shall be sent to the address designated by the Contractor.

The Department may, at its sole discretion, withhold payments claimed by the Contractor for services rendered if the Contractor fails to satisfactorily comply with any term or condition of this contract.

No payments in advance or in anticipation of services or supplies to be provided under this contract shall be made by the Department.

In the event that the Contractor receives reimbursement for costs that are later determined by the Department to be ineligible, these funds shall be repaid to the Drinking Water Assistance Account by payment to the Department of Health, or its successor, together with the submission of the Project Completion Amendment.

At the time of project completion, the Contractor shall submit to the Department a Pre-Construction Completion Report certifying the total actual project costs, and a final voucher for any remaining eligible funds.

10. TIME OF PERFORMANCE

The Contractor shall begin the activities identified within the declared SCOPE OF WORK no later than thirty (30) days after Contract execution.

The Contractor must reach project completion within the period specified on the Declarations Page as TIME OF PERFORMANCE.

Failure to meet Time of Performance within the time frame described in this section shall constitute default under this Contract, and as a result, this Contract may be terminated. In the event of extenuating circumstances, the Contractor may request, in writing, at least 90 days prior to the expiration of project completion date that the Department extend the deadline for project completion. The Department may extend the time of project completion.

11. PROJECT COMPLETION AMENDMENT AND THE PRE-CONSTRUCTION COMPLETION REPORT

The Contractor shall initiate a Project Completion Amendment by submitting a Preconstruction Completion Report when activities identified in the declared SCOPE OF WORK are complete and the Contractor agrees that no additional eligible costs will be reimbursed.

In the Project Completion Amendment, the Contractor will provide the following information to the Department:

- A certified statement of the actual dollar amounts spent, from all fund sources, in completing the project as described in the declared SCOPE OF WORK.
- Certification that all costs associated with the project have been incurred. Costs are incurred when goods and services are received and/or contract work is performed.
- A copy of the Department of Health Pre Construction Completion Report as submitted to Department of Health.
- Evidence documenting compliance with audit requirements as referenced in Section 44.
- A final voucher for the remaining eligible funds.

The Project Completion Amendment shall serve as an amendment to this Contract determining the final loan amount and term of the loan.

12. REPAYMENT

An assistance recipient begins annual repayment of the loan no later than one year after contract execution. The first repayment installment is due on the first day of the month shown as PAYMENT MONTH on the Declarations Page. Interest only will be charged for this first payment if a draw is made prior to this date. All subsequent payments shall consist of principal and accrued interest due that month of each year during the remaining term of the loan.

Repayment of the loan under this Contract shall include the declared INTEREST RATE per annum. Interest will begin to accrue from the date each payment is issued to the Contractor. The final payment shall be on or before the completion of the declared LOAN TERM, payable on or before the declared PAYMENT MONTH of an amount sufficient to bring the loan balance to zero.

The Contractor has the right to repay the unpaid balance of the loan in full at any time or make accelerated payments without penalty.

The Contractor will repay the loan in accordance with the preceding conditions through the use of a check, money order, or equivalent means made payable to the Washington State Department of DOH, or its successor.

13. DEFAULT IN REPAYMENT

Loan repayments shall be made in accordance with Section 12 of this Contract. A payment not received within thirty (30) days of the due date shall be declared delinquent. Delinquent payments shall be assessed a monthly penalty beginning on the first (1st) day past the due date. The penalty will be one percent (1%) per month or twelve percent (12%) per annum of the delinquent payment amount. These same penalty terms shall apply if the repayment of loan funds determined to be ineligible costs are not repaid within thirty (30) days.

The Contractor acknowledges and agrees to the Department's right, upon delinquency in the payment of any annual installment, to notify any other entity, creditors, or potential creditors of the Contractor of such delinquency. Contractor shall be responsible for all legal fees incurred by the Department in any action undertaken to enforce its rights under this section.

14. LOAN SECURITY

Loan Security may be required as a performance condition of this contract. If such performance condition is required it shall be indicated on the attached Declarations Page and identified therein as LOAN SECURITY CONDITION.

The Department grants the Contractor the right to issue future bonds and notes that constitute a lien and charge on the revenue source superior to the lien and charge of this Loan Contract. Nothing in this section shall absolve the Contractor of its obligation to make loan repayments when due, and to adjust rates, fees, or surcharges, if necessary, to meet its obligations under this Contract.

15. HISTORICAL AND CULTURAL ARTIFACTS

The Contractor acknowledges that any construction activities necessary to complete the activities funded by this contract are subject to Section 106 of the National Historic Preservation Act of 1966.

Contractor agrees that Contractor is legally and financially responsible for compliance with all laws, regulations, and agreements related to the preservation of historical or cultural artifacts and agrees to hold harmless the State of Washington in relation to any claim related to such historical or cultural artifacts discovered, disturbed, or damaged as a result of Contractor's public works project funded under this Contract.

The Contractor shall not conduct or authorize destructive project planning activities before completing compliance with Section 106 of the National Historic Preservation Act of 1966, as amended.

In addition, the Contractor agrees that no construction activities, ground disturbance, or excavation of any sort will begin until the Contractor has complied with all provisions of Section 106 of the National Historic Preservation Act of 1966, as amended.

64. RECAPTURE

In the event that the Contractor fails to perform this contract in accordance with state laws, federal laws, and/or the provisions of this contract, The Department reserves the right to recapture funds in an amount to compensate the Department for the noncompliance in addition to any other remedies available at law or in equity.

The Contractor may only subcontract work contemplated under this Contract if it obtains the prior written approval of the Department.

If the Department approves subcontracting, the Contractor shall maintain written procedures related to subcontracting, as well as copies of all subcontracts and records related to subcontracts. For cause, the Department in writing may (a) require the Contractor to amend its subcontracting procedures as they relate to this Contract; (b) prohibit the Contractor from subcontracting with a particular person or entity; or (c) require the Contractor to rescind or amend a subcontract.

Every subcontract shall bind the Subcontractor to follow all applicable terms of this Contract. The Contractor is responsible to the Department if the Subcontractor fails to comply with any applicable term or condition of this Contract. The Contractor shall appropriately monitor the activities of the Subcontractor to assure fiscal conditions of this Contract. In no event shall the existence of a subcontract operate to release or reduce the liability of the Contractor to the Department for any breach in the performance of the Contractor's duties.

Every subcontract shall include a term that the Department and the State of Washington are not liable for claims or damages arising from a Subcontractor's performance of the subcontract.

70. SURVIVAL

If the Department concludes that the Contractor has failed to comply with the terms and conditions of this Contract, or has failed to use the loan proceeds only for those activities identified in the declared SCOPE OF WORK, or has otherwise materially breached one or more of the covenants in this Contract, the Department may at any time, at its discretion, upon notice to the Contractor, terminate the Contract and/or its attached agreements in whole or in part and declare the entire remaining balance of the loan, together with any interest accrued, immediately due and payable in full. Such Notice of Termination for Cause shall be in writing, shall state the reason(s) for such termination, and shall specify the effective date of the termination. The effective date of the termination will be determined by the Department. Such notice shall inform the Contractor of the breach of the relevant covenant and shall allow the Contractor at least thirty (30) business days to cure such breach, if curable. The notice shall instruct the Contractor that, if the breach is not cured or cannot be cured within thirty (30) business days, the outstanding balance of the loan shall be due and payable. If this Contract is so terminated, the Department shall be liable only for payment required under the terms of this Contract for services rendered or goods delivered prior to the effective date of termination. Nothing in this section shall affect the Contractor's obligations to immediately repay the unpaid balance of the loan as prescribed in the Washington Administrative Code (WAC) 246-296-150.

73. TERMINATION FOR CONVENIENCE

The Department may terminate this Contract in the event that federal or state funds are no longer available to the Department, or are not appropriated for the purpose of meeting the Department's obligations under this Contract. The effective date of the termination will be determined by the Department. If this Contract is so terminated, the Department shall be liable only for payment required under the terms of this Contract for services rendered or goods delivered prior to the effective date of termination. Nothing in this section shall affect Contractor's obligations to repay the unpaid balance of the loan.

74. CONFLICT OF INTEREST

Notwithstanding any determination by the Executive Ethics Board or other tribunal, Department of Health may, in its sole discretion, by written notice to the Contractor terminate this contract if it is found after due notice and examination by Department of Health that there is a violation of the Ethics in Public Service Act, Chapter 42.52 RCW; or any similar statute involving the Contractor in the procurement of, or performance under this contract.

Specific restrictions apply to contracting with current or former state employees pursuant to chapter 42.52 of the Revised Code of Washington. The Contractor and their subcontractor(s) must identify and state of Washington employees for former state employees employed or on the firm's governing board during the past 24 months. Identify the individual by name, the agency previously or currently employed by, job title or position held, and separation date. If it is determined by the Department of Health that a conflict of interest exists, the Contractor may be disqualified from further consideration for the award of a contract.

In the event this contract is terminated as provided above, the Department shall be entitled to pursue the same remedies against the Contractor as it could pursue in the event of a breach of the contract by the Contractor. The rights and remedies of the Department provided for in this clause shall not be exclusive and are in addition to any other rights and remedies provided by law. The existence of facts upon which the Department makes any determination under this clause shall be an issue and may be reviewed as provided in the "Disputes" clause of this contract.

75. TERMINATION PROCEDURES

After receipt of a notice of termination, except as otherwise directed by the Department, the Contractor shall:

- Stop work under the Contract on the date, and to the extent specified, in the notice;
- Place no further orders or subcontracts for materials, services, or facilities related to the Contract;
- Assign to the Department all of the rights, title, and interest of the Contractor under the orders and subcontracts so terminated, in which case the Department has the right, at its discretion, to settle or pay any or all claims arising out of the termination of such orders and subcontracts. Any attempt by the Contractor to settle such claims must have the prior written approval of the Department; and
- Preserve and transfer any materials, contract deliverables and/or the Department property in the Contractor's possession as directed by the Department.

Upon termination of the Contract, the Department shall pay the Contractor for any service provided by the Contractor under the Contract prior to the date of termination. The Department may withhold any amount due as the Department reasonably determines is necessary to protect the Department against potential loss or liability resulting from the termination. The Department shall pay any withheld amount to the Contractor if the Department later determines that loss or liability will not occur.

The rights and remedies of the Department under this section are in addition to any other rights and remedies provided under this Contract or otherwise provided under law.

76. WAIVER

Waiver of any default or breach shall not be deemed to be a waiver of any subsequent default or breach. Any waiver shall not be construed to be a modification of the terms of this Contract unless stated to be such in writing and signed by Authorized Representative of the Department.

77. WORK HOURS AND SAFETY STANDARDS

The Contract Work Hours and Safety Standards Act (40 USC 327-333)-Where applicable, all contracts awarded by recipients in excess of \$100,000 for construction and other purposes that involve the employment

Section 107 of the Act is applicable to construction work and provides that no laborer or mechanic is required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

This includes, whenever possible, posting solicitations for bids or proposals for a minimum of thirty (30) calendar days before the bid or proposal closing date.
- Consider in the contracting process whether firms competing for large contracts could subcontract with Disadvantaged Business Enterprises. For Indian Tribal, State and Local Government recipients, this will include dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by Disadvantaged Business Enterprises in the competitive process.
- Encourage contracting with a consortium of Disadvantaged Business Enterprises when a contract is too large for one of these firms to handle individually.
- Use the services and assistance of the Small Business Administration and the Minority Business Development Agency of The Department of Health.

- If the prime contractor awards subcontracts, also require the prime contractor to take the five good faith efforts in paragraphs A through E above.

4. MBE/WBE REPORTING, 40 CFR, PART 33, SECTIONS 33.502 AND 33.503

Contractor is required to submit MBE/WBE participation reports to the Department and/or the Department of Health, on a quarterly basis, beginning with the Federal fiscal year reporting period the Contractor receives the award and continuing until the project is completed.

5. CONTRACT ADMINISTRATION PROVISIONS, 40 CFR, SECTION 33.302

The Contractor agrees to comply with the contract administration provisions of 40 CFR, Section 33.302.

The Contractor agrees to require all general contractors to provide forms: EPA Form 6100-2 DBE Subcontractor Participation Form and EPA Form 6100-3 DBE Subcontractor Performance Form to all its Disadvantaged Business Enterprise subcontractors, engineers, vendors, and any other entity for work or services listed in the declared SCOPE OF WORK. These two (2) forms may be obtained from the EPA Office of Small Business Program's website on the internet at <http://www.epa.gov/osbp/grants.htm>.

The Contractor agrees to require all general contractors to complete and submit to the Contractor and Environmental Protection Agency EPA Form 6100-4 DBE Subcontractor Utilization Form beginning with the Federal fiscal year reporting period the Contractor receives the award and continuing until the project is completed. Only procurements with certified MBE/WBEs are counted toward a Contractor's MBE/WBE accomplishments.

6. BIDDERS LIST, 40 CFR, SECTION 33.501(b) AND (c)

The Contractor is also required to create and maintain a bidders list if the Contractor of the loan is subject to, or chooses to follow, competitive bidding requirements. Please see 40 CFR, Section 33.501 (b) and (c) for specific requirements and exemptions.

Section 33.501(b) of the rule is as follows:

A recipient of a Continuing Environmental Program Grant or other annual grant must create and maintain a bidders list. In addition, a recipient of an EPA financial assistance agreement to capitalize a revolving loan fund also must require entities receiving identified loans to create and maintain a bidders list if the recipient of the loan is subject to, or chooses to follow, competitive bidding requirements. The purpose of a bidders list is to provide the recipient and entities receiving identified loans who conduct competitive bidding with as accurate a database as possible about the universe of MBE/WBE and non-MBE/WBE prime and subcontractors. The list must include all firms that bid or quote on prime contracts or bid or quote on subcontracts under EPA assisted projects, including both MBE/WBEs.

The bidders list must be kept until the grant project period has expired and the recipient is no longer receiving EPA funding under the grant. For entities receiving identified loans, the bidders list must be kept until the project period for the identified loan has ended. The following information must be obtained from all prime and subcontractors:

- Entity's name with point of contact;
- Entity's mailing address, telephone number, and e-mail address;
- The procurement on which the entity bid or quoted, and when; and
- Entity's status as a MBE/WBE¹ or non-MBE/WBE.

The exemption found at § 33.501(c) is as follows:

A recipient of an EPA financial assistance agreement in the amount of \$250,000 or less for any single assistance agreement, or of more than one financial assistance agreement with a combined total of \$250,000 or less in any one fiscal year, is exempt from the paragraph (b) of this section requirement to create and maintain a bidders list. Also, a recipient under the CWSRF, DWSRF, or BCRLF Program is not required to apply the paragraph (b) of this section bidders list requirement of this subpart to an entity receiving an identified loan in an amount of \$250,000 or less, or to an entity receiving more than one identified loan with a combined total of \$250,000 or less in any one fiscal year. This exemption is limited to the paragraph (b) of this section bidders list requirements of this subpart.

ATTACHMENT V: DWSRF ELIGIBLE PROJECT COSTS

Must be directly attributable to the project.

1. The costs for complying with the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970.
2. DWSRF loan fees.
3. The purchase of a portion of another system's capacity, if it is the most cost effective solution (limited to publicly owned (municipal) systems).
4. Construction of reservoirs (clear wells) that are part of the treatment process and are collocated with the treatment facility.
5. Construction of distribution reservoirs (finished water).

 - 9.1. Salaries and wages (at actual or average rates) covering productive labor hours of employees of the borrower (excluding the administrative organization of the operating unit involved) for periods of time actively or incidentally engaged in pre-design engineering, design engineering, construction engineering, acquisition of rights of way, and the cleaning, sterilization or bacteriological testing of water system components prior to public use. The costs of services rendered by employees generally classified as administration/project management of the loan are considered a direct cost only when such employees are assigned the types of services described above and shall be limited to 3% or less of the project loan amount.
 - 9.2. Employee benefits relating to labor are considered a direct cost of construction projects. The following items may be included as employee benefits:

- Other than work identified in Number 9.a, no costs associated with labor performed by the borrower's employees, including force account work, are eligible for financing assistance.
10. Contract engineering, planning, design, legal, and financial planning services. The Department reserves the right to declare ineligible legal costs that are unreasonable and disproportionate to the project.

However, such costs must be charged on a uniform basis to equipment used for all projects regardless of the source of funding. Cities with a population of eight thousand or less not using this type of fund are allowed the same rates as used by the State Department of Transportation.

ATTACHMENT VI: LABOR STANDARD PROVISIONS FOR SUBRECIPIENTS THAT ARE NOT GOVERNMENTAL ENTITIES

Wage Rate Requirements Under The Consolidated and Further Continuing Appropriations Act, 2015 (P.L. 113-235)

Preamble

With respect to the Clean Water and Safe Drinking Water State Revolving Funds, EPA provides capitalization grants to each State which in turn provides subgrants or loans to eligible entities within the State. Typically, the subrecipients are municipal or other local governmental entities that manage the funds. For these types of recipients, the provisions set forth under Roman Numeral I, below, shall apply. Although EPA and the State remain responsible for ensuring subrecipients' compliance with the wage rate requirements set forth herein, those subrecipients shall have the primary responsibility to maintain payroll records as described in Section 3(ii)(A), below and for compliance as described in Section I-5.

Occasionally, the subrecipient may be a private for profit or not for profit entity. For these types of recipients, the provisions set forth in Roman Numeral II, below, shall apply. Although EPA and the State remain responsible for ensuring subrecipients' compliance with the wage rate requirements set forth herein, those subrecipients shall have the primary responsibility to maintain payroll records as described in Section II-3(ii)(A), below and for compliance as described in Section II-5.

Requirements Under The Consolidated and Further Continuing Appropriations Act, 2015 (P.L. 113-235) For Subrecipients That Are Not Governmental Entities:

The following terms and conditions specify how recipients will assist EPA in meeting its DB responsibilities when DB applies to EPA awards of financial assistance under the FY 2015 Consolidated and Further Continuing Appropriations Act with respect to subrecipients that are not governmental entities. If a subrecipient has questions regarding when DB applies, obtaining the correct DB wage determinations, DB provisions, or compliance monitoring, it may contact the Department of Health for guidance. If a State recipient needs guidance, they may obtain additional guidance from DOL's web site at <http://www.dol.gov/whd/>

Under these terms and conditions, the subrecipient must submit its proposed DB wage determinations to the Department of Health for approval prior to including the wage determination in any solicitation, contract task orders, work assignments, or similar instruments to existing contractors.

1. Applicability of the Davis- Bacon (DB) prevailing wage requirements.

Under the FY 2015 Consolidated and Further Continuing Appropriations Act, DB prevailing wage requirements apply to the construction, alteration, and repair of treatment works carried out in whole or in part with assistance made available by a State water pollution control revolving fund and to any construction project carried out in whole or in part by assistance made available by a drinking water treatment revolving loan fund. If a subrecipient encounters a unique situation at a site that presents uncertainties regarding DB applicability, the subrecipient must discuss the situation with the recipient State before authorizing work on that site.

2. Obtaining Wage Determinations.

(a) Subrecipients must obtain proposed wage determinations for specific localities at www.wdol.gov. After the Subrecipient obtains its proposed wage determination, it must submit the wage determination to Department of Health, for approval prior to inserting the wage determination into a solicitation, contract or issuing task orders, work assignments or similar instruments to existing contractors (ordering instruments unless subsequently directed otherwise by the State recipient Award Official).

(b) Subrecipients shall obtain the wage determination for the locality in which a covered activity subject to DB will take place prior to issuing requests for bids, proposals, quotes or other methods for soliciting contracts (solicitation) for activities subject to DB. These wage determinations shall be incorporated into solicitations and any subsequent contracts. Prime contracts must contain a provision requiring that subcontractors follow the wage determination incorporated into the prime contract.

- (i) While the solicitation remains open, the subrecipient shall monitor www.wdol.gov on a weekly basis to ensure that the wage determination contained in the solicitation remains current. The subrecipients shall amend the solicitation if DOL issues a modification more than 10 days prior to the closing date (i.e. bid opening) for the solicitation. If DOL modifies or supersedes the applicable wage determination less than 10 days prior to the closing date, the subrecipients may request a finding from the State recipient that there is not a reasonable time to notify interested contractors of the modification of the wage determination. The State recipient will provide a report of its findings to the subrecipient.

- (ii) If the subrecipient does not award the contract within 90 days of the closure of the solicitation, any modifications or supersedes DOL makes to the wage determination contained in the solicitation shall be effective unless the State recipient, at the request of the subrecipient, obtains an extension of the 90 day period from DOL pursuant to 29 CFR 1.6(c)(3)(iv). The subrecipient shall monitor www.wdol.gov on a weekly basis if it does not award the contract within 90 days of closure of the solicitation to ensure that wage determinations contained in the solicitation remain current.
- (c) If the subrecipient carries out activity subject to DB by issuing a task order, work assignment or similar instrument to an existing contractor (ordering instrument) rather than by publishing a solicitation, the subrecipient shall insert the appropriate DOL wage determination from www.wdol.gov into the ordering instrument.
- (d) Subrecipients shall review all subcontracts subject to DB entered into by prime contractors to verify that the prime contractor has required its subcontractors to include the applicable wage determinations.
- (e) As provided in 29 CFR 1.6(f), DOL may issue a revised wage determination applicable to a subrecipient's contract after the award of a contract or the issuance of an ordering instrument if DOL determines that the subrecipient has failed to incorporate a wage determination or has used a wage determination that clearly does not apply to the contract or ordering instrument. If this occurs, the subrecipient shall either terminate the contract or ordering instrument and issue a revised solicitation or ordering instrument or incorporate DOL's wage determination retroactive to the beginning of the contract or ordering instrument by change order. The subrecipient's contractor must be compensated for any increases in wages resulting from the use of DOL's revised wage determination.

3. Contract and Subcontract provisions

(a) The Recipient shall insure that the subrecipient(s) shall insert in full in any contract in excess of \$2,000 which is entered into for the actual construction, alteration and/or repair, including painting and decorating, of a treatment work under the CWSRF or a construction project under the DWSRF financed in whole or in part from Federal funds or in accordance with guarantees of a Federal agency or financed from funds obtained by pledge of any contract of a Federal agency to make a loan, grant or annual contribution (except where a different meaning is expressly indicated), and which is subject to the labor standards provisions of any of the acts listed in § 5.1 or the Under the FY 2015 Consolidated and Further Continuing Appropriations Act, the following clauses:

(1) Minimum wages.

(i) All laborers and mechanics employed or working upon the site of the work, will be paid unconditionally and not less often than once a week, and without subsequent deduction or rebate on any account (except such payroll deductions as are permitted by regulations issued by the Secretary of Labor under the Copeland Act (29 CFR part 3)), the full amount of wages and bona fide fringe benefits (or cash equivalents thereof) due at time of payment computed at rates not less than those contained in the wage determination of the Secretary of Labor which is attached hereto and made a part hereof, regardless of any contractual relationship which may be alleged to exist between the contractor and such laborers and mechanics.

Contributions made or costs reasonably anticipated for bona fide fringe benefits under section 1(b)(2) of the Davis-Bacon Act on behalf of laborers or mechanics are considered wages paid to such laborers or mechanics, subject to the provisions of paragraph (a)(1)(iv) of this section; also, regular contributions made or costs incurred for more than a weekly period (but not less often than quarterly) under plans, funds, or programs which cover the particular weekly period, are deemed to be constructively made or incurred during such weekly period. Such laborers and mechanics shall be paid the appropriate wage rate and fringe benefits on the wage determination for the classification of work actually performed, without regard to skill, except as provided in § 5.5(a)(4). Laborers or mechanics performing work in more than one classification may be compensated at the rate specified for each classification for the time actually worked therein: Provided, that the employer's payroll records accurately set forth the time spent in each classification in which work is performed. The wage determination (including any additional classification and wage rates conformed under paragraph (a)(1)(ii) of this section) and the Davis-Bacon poster (WH-1321) shall be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen by the workers.

Subrecipients may obtain wage determinations from the U.S. Department of Labor's web site, www.dol.gov.

(ii)(A) The subrecipient(s), on behalf of EPA, shall require that any class of laborers or mechanics, including helpers, which is not listed in the wage determination and which is to be employed under the contract shall be classified in conformance with the wage determination. The State award official shall approve a request for an additional classification and wage rate and fringe benefits therefore only when the following criteria have been met:

(1) The work to be performed by the classification requested is not performed by a classification in the wage determination; and

(2) The classification is utilized in the area by the construction industry; and

(3) The proposed wage rate, including any bona fide fringe benefits, bears a reasonable relationship to the wage rates contained in the wage determination.

(B) If the contractor and the laborers and mechanics to be employed in the classification (if known), or their representatives, and the subrecipient(s) agree on the classification and wage rate (including the amount designated for fringe benefits where appropriate), documentation of the action taken and the request, including the local wage determination shall be sent by the subrecipient(s) to the State award official. The State award official will transmit the report, to the Administrator of the Wage and Hour Division, Employment Standards Administration, U.S. Department of Labor, Washington, DC 20210 and to the EPA DB Regional Coordinator concurrently. The Administrator, or an authorized representative, will approve, modify, or disapprove every additional classification request within 30 days of receipt and so advise the State award official or will notify the State award official within the 30-day period that additional time is necessary.

(C) In the event the contractor, the laborers or mechanics to be employed in the classification or their representatives, and the and the subrecipient(s) do not agree on the proposed classification and wage rate (including the amount designated for fringe benefits, where appropriate), the award official shall refer the request, and the local wage determination, including the views of all interested parties and the recommendation of the State award official, to the Administrator for determination. The request shall be sent to the EPA Regional Coordinator concurrently. The Administrator, or an authorized representative, will issue a determination within 30 days of receipt of the request and so advise the contracting officer or will notify the contracting officer within the 30-day period that additional time is necessary.

(D) The wage rate (including fringe benefits where appropriate) determined pursuant to paragraphs (a)(1)(ii)(B) or (C) of this section, shall be paid to all workers performing work in the classification under this contract from the first day on which work is performed in the classification.

(iii) Whenever the minimum wage rate prescribed in the contract for a class of laborers or mechanics includes a fringe benefit which is not expressed as an hourly rate, the contractor shall either pay the benefit as stated in the wage determination or shall pay another bona fide fringe benefit or an hourly cash equivalent thereof.

(iv) If the contractor does not make payments to a trustee or other third person, the contractor may consider as part of the wages of any laborer or mechanic the amount of any costs reasonably anticipated in providing bona fide fringe benefits under a plan or program, provided, that the Secretary of Labor has found, upon the written request of the contractor, that the applicable standards of the Davis-Bacon Act have been met. The Secretary of Labor may require the contractor to set aside in a separate account assets for the meeting of obligations under the plan or program.

(2) Withholding. The subrecipient(s) shall upon written request of the EPA Award Official or an authorized representative of the Department of Labor, withhold or cause to be withheld from the contractor under this contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to Davis-Bacon prevailing wage requirements, which is held by the same prime contractor, so much of the accrued payments or advances as may be considered necessary to pay laborers and mechanics, including apprentices, trainees, and helpers, employed by the contractor or any subcontractor the full amount of wages required by the contract. In the event of failure to pay any laborer or mechanic, including any apprentice, trainee, or helper, employed or working on the site of the work, all or part of the wages required by the contract, the (Agency) may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds until such violations have ceased.

(3) Payrolls and basic records.

(i) Payrolls and basic records relating thereto shall be maintained by the contractor during the course of the work and preserved for a period of three years thereafter for all laborers and mechanics working at the site of the work. Such records shall contain the name, address, and social security number of each such worker, his or her correct classification, hourly rates of wages paid (including rates of contributions or costs anticipated for bona fide fringe benefits or cash equivalents thereof of the types described in section 1(b)(2)(B) of the Davis-Bacon Act), daily and weekly number of hours worked, deductions made and actual wages paid. Whenever the Secretary of Labor has found under 29 CFR 5.5(a)(1)(iv) that the wages of any laborer or mechanic include the amount of any costs reasonably anticipated in providing benefits under a plan or program described in section 1(b)(2)(B) of the Davis-Bacon Act, the contractor shall maintain records which show that the commitment to provide such benefits is enforceable, that the plan or program is financially responsible, and that the plan or program has been communicated in writing to the laborers or mechanics affected, and records which show the costs anticipated or the actual cost incurred in providing such benefits. Contractors employing apprentices or trainees under approved programs shall maintain written evidence of the registration of apprenticeship programs and certification of trainee programs, the registration of the apprentices and trainees, and the ratios and wage rates prescribed in the applicable programs.

(ii)(A) The contractor shall submit weekly, for each week in which any contract work is performed, a copy of all payrolls to the subrecipient, that is, the entity that receives the sub-grant or loan from the State capitalization grant recipient. Such documentation shall be available on request of the State recipient or EPA. As to each payroll copy received, the subrecipient shall provide written confirmation in a form satisfactory to the State indicating whether or not the project is in compliance with the requirements of 29 CFR 5.5(a)(1) based on the most recent payroll copies for the specified week.

The payrolls shall set out accurately and completely all of the information required to be maintained under 29 CFR 5.5(a)(3)(i), except that full social security numbers and home addresses shall not be included on the weekly payrolls. Instead the payrolls shall only need to include an individually identifying number for each employee (e.g., the last four digits of the employee's social security number). The required weekly payroll information may be submitted in any form desired. Optional Form WH-347 is available for this purpose from the Wage and Hour Division Web site at <http://www.dol.gov/whd/forms/wh347instr.htm> or its successor site. The prime contractor is responsible for the submission of copies of payrolls by all subcontractors. Contractors and subcontractors shall maintain the full social security number and current address of each covered worker, and shall provide them upon request to the subrecipient(s) for transmission to the State or EPA if requested by EPA, the State, the contractor, or the Wage and Hour Division of the Department of Labor for purposes of an investigation or audit of compliance with prevailing wage requirements. It is not a violation of this section for a prime contractor to require a subcontractor to provide addresses and social security numbers to the prime contractor for its own records, without weekly submission to the subrecipient(s).

(B) Each payroll submitted shall be accompanied by a "Statement of Compliance," signed by the contractor or subcontractor or his or her agent who pays or supervises the payment of the persons employed under the contract and shall certify the following:

(1) That the payroll for the payroll period contains the information required to be provided under § 5.5 (a)(3)(ii) of Regulations, 29 CFR part 5, the appropriate information is being maintained under § 5.5 (a)(3)(i) of Regulations, 29 CFR part 5, and that such information is correct and complete;

(2) That each laborer or mechanic (including each helper, apprentice, and trainee) employed on the contract during the payroll period has been paid the full weekly wages earned, without rebate, either directly or indirectly, and that no deductions have been made either directly or indirectly from the full wages earned, other than permissible deductions as set forth in Regulations, 29 CFR part 3;

(3) That each laborer or mechanic has been paid not less than the applicable wage rates and fringe benefits or cash equivalents for the classification of work performed, as specified in the applicable wage determination incorporated into the contract.

(C) The weekly submission of a properly executed certification set forth on the reverse side of Optional Form WH-347 shall satisfy the requirement for submission of the "Statement of Compliance" required by paragraph (a)(3)(ii)(B) of this section.

(D) The falsification of any of the above certifications may subject the contractor or subcontractor to civil or criminal prosecution under section 1001 of title 18 and section 231 of title 31 of the United States Code.

(iii) The contractor or subcontractor shall make the records required under paragraph (a)(3)(i) of this section available for inspection, copying, or transcription by authorized representatives of the State, EPA or the Department of Labor, and shall permit such representatives to interview employees during working hours on the job. If the contractor or subcontractor fails to submit the required records or to make them available, the Federal agency or State may, after written notice to the contractor, sponsor, applicant, or owner, take such action as may be necessary to cause the suspension of any further payment, advance, or guarantee of funds. Furthermore, failure to submit the required records upon request or to make such records available may be grounds for debarment action pursuant to 29 CFR 5.12.

(4) Apprentices and trainees--

(i) Apprentices. Apprentices will be permitted to work at less than the predetermined rate for the work they performed when they are employed pursuant to and individually registered in a bona fide apprenticeship program registered with the U.S. Department of Labor, Employment and Training Administration, Office of Apprenticeship Training, Employer and Labor Services, or with a State Apprenticeship Agency recognized by the Office, or if a person is employed in his or her first 90 days of probationary employment as an apprentice in such an apprenticeship program, who is not individually registered in the program, but who has been certified by the Office of Apprenticeship Training, Employer and Labor Services or a State Apprenticeship Agency (where appropriate) to be eligible for probationary employment as an apprentice. The allowable ratio of apprentices to journeymen on the job site in any craft classification shall not be greater than the ratio permitted to the contractor as to the entire work force under the registered program. Any worker listed on a payroll at an apprentice wage rate, who is not registered or otherwise employed as stated above, shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any apprentice performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. Where a contractor is performing construction on a project in a locality other than that in which its program is registered, the ratios and wage rates (expressed in percentages of the journeyman's hourly rate) specified in the contractor's or subcontractor's registered program shall be observed. Every apprentice must be paid at not less than the rate specified in the registered program for the apprentice's level of progress, expressed as a percentage of the journeymen hourly rate specified in the applicable wage determination. Apprentices shall be paid fringe benefits in accordance with the provisions of the apprenticeship program. If the apprenticeship program does not specify fringe benefits, apprentices must be paid the full amount of

fringe benefits listed on the wage determination for the applicable classification. If the Administrator determines that a different practice prevails for the applicable apprentice classification, fringes shall be paid in accordance with that determination. In the event the Office of Apprenticeship Training, Employer and Labor Services, or a State Apprenticeship Agency recognized by the Office, withdraws approval of an apprenticeship program, the contractor will no longer be permitted to utilize apprentices at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(ii) Trainees. Except as provided in 29 CFR 5.16, trainees will not be permitted to work at less than the predetermined rate for the work performed unless they are employed pursuant to and individually registered in a program which has received prior approval, evidenced by formal certification by the U.S. Department of Labor, Employment and Training Administration. The ratio of trainees to journeymen on the job site shall not be greater than permitted under the plan approved by the Employment and Training Administration. Every trainee must be paid at not less than the rate specified in the approved program for the trainee's level of progress, expressed as a percentage of the journeyman hourly rate specified in the applicable wage determination. Trainees shall be paid fringe benefits in accordance with the provisions of the trainee program. If the trainee program does not mention fringe benefits, trainees shall be paid the full amount of fringe benefits listed on the wage determination unless the Administrator of the Wage and Hour Division determines that there is an apprenticeship program associated with the corresponding journeyman wage rate on the wage determination which provides for less than full fringe benefits for apprentices. Any employee listed on the payroll at a trainee rate who is not registered and participating in a training plan approved by the Employment and Training Administration shall be paid not less than the applicable wage rate on the wage determination for the classification of work actually performed. In addition, any trainee performing work on the job site in excess of the ratio permitted under the registered program shall be paid not less than the applicable wage rate on the wage determination for the work actually performed. In the event the Employment and Training Administration withdraws approval of a training program, the contractor will no longer be permitted to utilize trainees at less than the applicable predetermined rate for the work performed until an acceptable program is approved.

(iii) Equal employment opportunity. The utilization of apprentices, trainees and journeymen under this part shall be in conformity with the equal employment opportunity requirements of Executive Order 11246, as amended, and 29 CFR part 30.

(5) Compliance with Copeland Act requirements. The contractor shall comply with the requirements of 29 CFR part 3, which are incorporated by reference in this contract.

(6) Subcontracts. The contractor or subcontractor shall insert in any subcontracts the clauses contained in 29 CFR 5.5(a)(1) through (10) and such other clauses as the EPA determines may be appropriate, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all the contract clauses in 29 CFR 5.5.

(7) Contract termination: debarment. A breach of the contract clauses in 29 CFR 5.5 may be grounds for termination of the contract, and for debarment as a contractor and a subcontractor as provided in 29 CFR 5.12.

(8) Compliance with Davis-Bacon and Related Act requirements. All rulings and interpretations of the Davis-Bacon and Related Acts contained in 29 CFR parts 1, 3, and 5 are herein incorporated by reference in this contract.

(9) Disputes concerning labor standards. Disputes arising out of the labor standards provisions of this contract shall not be subject to the general disputes clause of this contract. Such disputes shall be resolved in accordance with the procedures of the Department of Labor set forth in 29 CFR parts 5, 6, and 7. Disputes within the meaning of this clause include disputes between the contractor (or any of its subcontractors) and Subrecipient(s), State, EPA, the U.S. Department of Labor, or the employees or their representatives.

1. GRANT OF SECURITY INTEREST

For value received, and to secure both the payment of the Indebtedness owed to Lender and the performance of the obligations under this Security Agreement and any Related Documents, and in accordance with the definitions and terms set forth below, Contractor grants Lender a security interest in all of the following Collateral:

Contractor's accounts, and/or assets, including but not limited to accounts receivable, the dedicated account for loan repayment, and proceeds therefrom.

2. DEFINITIONS

"Indebtedness"

Shall mean all amounts and liabilities of every kind and description, whether now owed or hereafter owed by Contractor to Lender, whether or not evidenced by a promissory note or credit agreement and whether direct, indirect, or contingent.

"Related Documents"

Shall mean the promissory notes, loan agreements, guaranties, trust deeds, mortgages, other security agreements, or any other documents executed in connection with this Security Agreement or the Indebtedness, whether already existing or executed now or later.

"Collateral"

Shall mean the collateral described above, whether now owned or hereafter acquired, whether now existing or hereafter arising, and wherever located; and

All accessions, parts, or additions to and all replacements of and substitutions for any of the property described above; and

All proceeds (including insurance proceeds) from the sale or other disposition of any of the property described above, including that described in the preceding subparagraph.

In addition to all liens upon, and rights of setoff against the moneys, securities, or other property of Contractor given to Lender by law, lender shall have a security interest in and a right of setoff against all moneys, securities, and other property of Contractor now or hereafter in the possession of or on deposit with Lender, whether held in a general or special account or deposit, or for safekeeping or otherwise; and every such security interest and right of setoff may be exercised without demand upon or notice to Contractor. No security interest or right of setoff shall be deemed to have been waived by any act or conduct on the part of Lender, or by any neglect to exercise such right of setoff or to enforce such security interest, or by any delay in so doing; and every right of setoff and security interest shall continue in full force and effect until such right of setoff or security interest is specifically waived or released by an instrument in writing executed by Lender.

3. OBLIGATIONS OF CONTRACTOR

3.1. CONTRACTOR WARRENTS AND COVENANTS

Perfection of Security Interest

Contractor agrees to execute financing statements and to take whatever other action is requested by Lender to perfect and continue Lender's security interest in the Collateral. Upon request of Lender, Contractor will deliver to Lender any and all documents evidencing or constituting the Collateral, and Contractor will note Lender's interest upon any and all chattel paper. Contractor hereby appoints Lender the Contractor's irrevocable attorney in fact for the purpose of executing any documents necessary to perfect or to continue the security interest granted herein. Lender may at any time, and without further authorization from Contractor, file copies of this Security Agreement as a financing statement.

Removal of Collateral

Contractor warrants that the Collateral (or to the extent the Collateral consists of intangible property such as accounts, the records concerning the Collateral) is located at Contractor's address or the Collateral address shown above. Except in the ordinary course of its business within the county in which the Collateral is located, Contractor shall not remove the Collateral from its location without the prior written consent of Lender, which shall not be unreasonably withheld. To the extent the Collateral constitutes vehicles, or other titled property, and except for sales of inventory in the ordinary course of its business, Contractor shall not take or permit any action which would require registration of the vehicles outside of the state in which the Lender is located, without the prior written consent of Lender.

Transactions Involving Collateral

Except for inventory sold or accounts collected in the ordinary course of Contractor's business, Contractor shall not sell, offer to sell, or otherwise transfer the Collateral. Contractor shall not pledge mortgage, encumber or otherwise permit the Collateral to be subject to any lien, security interest, or charge, other than the security interest provided for herein, without the prior written consent of Lender. This includes security interests even if junior in right to this Security Agreement. Unless waived by Lender, all proceeds from any disposition of the Collateral (for whatever reason) shall be held in trust for Lender, and shall not be commingled with any other funds; provided, however, that this requirement shall not constitute consent by Lender to any sale or other disposition. Contractor shall immediately deliver any such proceeds to Lender.

Title

Contractor warrants that it holds marketable title to the Collateral subject only to the lien of this Security Agreement. Contractor shall defend Lender's rights against the claims and demands of all persons.

Use

Contractor shall keep the Collateral in first class condition and repair. Contractor will not commit or permit damage to or destruction of the Collateral or any part thereof.

Taxes, Assessments, and Liens

Contractor will pay when due all taxes, assessments, and liens upon the collateral, its use or operation, upon this Security Agreement, upon any promissory notes evidencing the Indebtedness or upon any of the other Related Documents. Contractor may withhold any such payment or may elect to contest any lien if Contractor is in good faith conducting appropriate proceedings to contest the obligation to pay and so long as Lender's interest in the Collateral is not jeopardized. If the Collateral is subjected to a lien which is not discharged within 15 days, Contractor shall deposit with Lender cash, a sufficient corporate surety bond or other security satisfactory to Lender in any amount adequate to provide for the discharge of the lien plus any interest, costs, attorneys' fees or other charges that could accrue as a result of foreclosure or sale. In any contest Contractor shall defend itself and Lender and shall satisfy any final adverse judgment before enforcement against the Collateral. Contractor shall name Lender as an additional obliged under any surety bond furnished in the contest proceedings.

Compliance with Governmental Requirements

Contractor shall comply promptly with all laws, ordinances and regulations of all governmental authorities applicable to the use of the Collateral. Contractor may contest in good faith any such law, ordinance, or regulation and withhold compliance during any proceeding, including appropriate appeals, so long as Lender's interest in the Collateral is not jeopardized.

Property Coverage

The Contractor shall obtain and keep in force during the term of this loan, a policy or policies of insurance providing coverage for all risks of physical damage or loss to the improvements and/or structures to be constructed using the proceeds of the loan contemplated by this agreement. Said policy or policies shall provide replacement cost coverage, with adequate policy limits to assure no co-insurance exposure by any insured under the policy or loss-payee thereunder. Said policies shall provide no less coverage than provided by the Builders Risk Coverage Form (CP 00 20 06 95 ISO), with any and all necessary endorsements to provide the all-risk, replacement cost coverage, to the improvements and/ or structures constructed utilizing the loan proceeds.

At its sole expense, upon completion of preconstruction activities, the Contractor shall obtain and keep in force during the term of this loan, permanent property coverage providing coverage for all risks of physical damage, written on a replacement cost basis. The Contractor shall maintain adequate policy limits to enable all insureds and loss payees to avoid any exposure to co-insurance penalties. No loss deductible shall exceed FIVE PERCENT (5%) of any loss, and the Department of Health shall have no loss deductible payment obligation under said policy/policies. The Department of Health shall be an insured and the loss-payee under all policies required by this section, to the extent of its insurable interests.

Liability Coverage

At its sole expense, the Contractor shall obtain and keep in force during the completion of activities listed in the SCOPE OF WORK shown on the Declarations Page, Commercial General Liability coverage, written on form CG 00 01 07 98 (ISO) or later editions, with policy limits of no less than \$1,000,000 per occurrence with a general aggregate limit of \$5,000,000, or the amount of the loan, whichever is less. Coverage shall be written on an occurrence basis, with the Department of Health a named insured at policy inception. Said policy shall be endorsed to reflect that Contractor, not the Department of Health shall be responsible for the payment of policy premiums, and that coverage shall be limited to claims arising from the project or projects, financed by the loan proceeds.

General Provisions

Within thirty business days of the execution of this agreement, the Contractor shall deliver to the Department of Health a certificate of insurance certifying that the insurance coverage required by this section has been obtained. The Department of Health reserves the right to review the insurance policies required by the section, to accept or reject them. The Contractor at its sole cost has the obligation to replace or secure the coverage to replace policy provisions rejected by the Department of Health. Each policy shall contain a provision requiring the insurance carrier to notify the Department of Health in writing at least seven days prior to any policy cancellation of any failure by the Contractor to pay the policy premiums, or of any lapse in coverage.

The coverage required by this section shall be secured exclusively through insurance carriers licensed to do business in the State of Washington, and shall not be subject to any self-insured retained limits.

3.2. CONTRACTOR'S RIGHT TO POSSESSION

Until default, Contractor may have possession of the tangible personal property and beneficial use of all of the Collateral and may use it in any lawful manner not inconsistent with this Security Agreement or the Related Documents.

3.3. EXPENDITURES BY LENDER

If not discharged or paid by Contractor when due, Lender may discharge taxes, liens, security interest, or other encumbrances at any time levied or placed on the Collateral, may pay for insurance on the collateral, and may pay for maintenance and preservation of the Collateral. All such payments shall become a part of Contractor's obligations secured hereby, payable on demand, with interest at the maximum rate permitted by law from date of expenditure until repaid. Such right shall be in addition to any other rights or remedies to which Lender may be entitled on account of default.

3.4. EVENTS OF DEFAULT

Contractor shall be in default under this Security Agreement upon:

Failure to make any payment of the Indebtedness when due; or

Failure to comply within 15 days after written notice from Lender demanding compliance with any other term, obligation, covenant or condition contained herein (or in any of the Related Documents); provided, if compliance

is not possible within 15 days, default shall occur upon failure within 15 days to take steps that will produce compliance as soon as is reasonably practical; or

Any warranty, representation, or statement made or furnished to Lender by or on behalf of Contractor proves to have been false in any material respect when made or furnished; or

Contractor's death (if Contractor is an individual), dissolution or termination of Contractor's existence as a going business, insolvency, appointment of a receiver for any part of Contractor's property, any assignment for the benefit of creditors, or the commencement of any proceeding under any bankruptcy or insolvency laws by or against Contractor; or

Commencement of foreclosure, whether by judicial proceeding, self-help, repossession, or any other method, by any creditor of Contractor against any of the Collateral, but this subsection shall not apply in the event of a good faith dispute by Contractor as to the validity or reasonableness of the claim which is the basis of the foreclosure suit, provided that Contractor provides Lender with written notice of such claim and provides adequate reserves.

3.5. RIGHTS OF LENDER

Rights Prior to Default or Thereafter

Lender and its designated representatives or agents may at all reasonable times examine and inspect the Collateral, wherever located.

Rights upon Default or Thereafter

Upon default, or if Lender reasonably deems itself insecure, Lender may exercise any one or more of the following rights and remedies in addition to any other rights or remedies that may be available at law, in equity, or otherwise:

Lender may declare the entire Indebtedness including any prepayment penalty which Contractor would be required to pay, immediately due and payable.

Lender may require Contractor to deliver to Lender all or any portion of the Collateral and any and all certificates of title and other documents relating thereto. Lender may require Contractor to assemble the Collateral and make it available to Lender at a place to be designated by Lender which is reasonably convenient to both parties. Lender also shall have full power to enter upon the property of Contractor to take possession of and remove the Collateral.

Lender shall have full power to sell, lease, transfer, or otherwise deal with the Collateral or proceeds thereof in its own name or that of Contractor. Lender may sell the Collateral at public auction. Unless the Collateral threatens to decline speedily in value or is of the type customarily sold on a recognized market, Lender will give Contractor reasonable notice of the time after which any private sale or any other intended disposition thereof is to be made. The requirements of reasonable notice shall be met if such notice is mailed by registered or certified mail, postage prepaid, to the address of Contractor stated in this Security Agreement at least 10 days before the time of the sale or disposition. Contractor shall be liable for expenses of retaking, holding, preparing for sale, selling, and the like.

Lender may have a receiver appointed as a matter of right. The receiver may be an employee of Lender and may serve without bond. All fees of the receiver and his attorney shall be secured hereby.

Lender may revoke Contractor's right to collect the rents and revenues from the Collateral, and may, either itself or through a receiver, collect the same. To facilitate collection, Lender may notify any account debtors of Contractor to pay directly to Lender.

Lender may obtain a judgment for any deficiency remaining in the Indebtedness due to Lender after application of all amounts received from the exercise of the rights provided in this section. Contractor shall be liable for a deficiency even if the underlying transaction is a sale of accounts or chattel paper.

Lender shall have and may exercise any or all of the rights and remedies of a secured creditor under the provisions of the Uniform Commercial Code, at law, in equity, or otherwise.

3.6. WAIVER

Lender shall not be deemed to have waived any rights hereunder (or under the Related Documents) unless such waiver be in writing and signed by Lender. No delay or omission on the part of Lender in exercising any right shall operate as a waiver of such right or any other right. A waiver by any party of a breach of a provision of this Security Agreement shall not constitute a waiver of or prejudice the party's right otherwise to demand strict compliance with that provision or any other provision. Whenever consent by Lender is required herein, the granting of such consent by Lender in any instance shall not constitute continuing consent to subsequent instances where such consent is required herein.

3.7. REMEDIES CUMULATIVE

All of the Lender's rights and remedies, whether evidenced hereby or by any other writing, shall be cumulative and may be exercised singularly or concurrently. Election by Lender to pursue any remedy shall not exclude pursuit of any other remedy, and an election to make expenditures or take action to perform an obligation of Contractor under this Security Agreement after Contractor's failure to perform shall not affect Lender's right to declare a default and exercise its remedies under Section 3.5.

3.8. SUCCESSOR INTERESTS

This Security Agreement shall be binding upon and inure to the benefit of the parties, their successors, and assigns, but whenever there is no outstanding Indebtedness, Contractor may terminate this Security Agreement upon written notice to Lender.

3.9. NOTICE

Any notice under this Security Agreement shall be in writing and shall be effective when actually delivered or when deposited in the mail, registered or certified, addressed to the parties at the addresses stated herein or such other addresses as either party may designate by written notice to the other.

3.10. EXPENSES, COSTS, AND ATTORNEY'S FEES

In the event Lender is required to commence any suit or action to enforce any of the terms of this Security Agreement, Lender shall be entitled to recover from Contractor reasonable attorneys' fees and legal expenses at trial and also such fees and expenses on appeal, in addition to all other sums provided by law. In the event that Lender is otherwise required to incur any expenses whatsoever to protect or enforce its rights hereunder, whether or not litigation is commenced, Lender shall be entitled to recover any and all such sums and all incidental expenses, including such reasonable attorneys' fees. All such sums shall be part of the Indebtedness secured hereby.

3.11. APPLICABLE LAW

This Security Agreement is accepted in and shall be governed by the laws of the state of Washington.

3.12. MULTIPLE PARTIES; CORPORATE AUTHORITY

If Contractor consists of more than one person or entity, all obligations of Contractor under this Security Agreement shall be joint and several. Where any one or more of Contractors are corporations or partnerships, it is not necessary for Lender to inquire into the powers of Contractors or the officers, directors, partners, or agents acting or purporting to act on their behalf, and any Indebtedness made or created in reliance upon the professed exercise of such powers shall be guaranteed hereunder.
